@AlecDurberville it was YOU who has torn

Update on drama @TheHeron: Mrs.
D'uberville left the building in a well-to-do
costume. Shame she hid her pure beauty
beneath a veil

An eventful morning, but life @TheHerons
is back to normal! Sewing and breakfast
for myself before attending to our tenants

I can't seem to forget this morning's
events. What could a beautiful,
comfortable couple as that have to quarrel
about?

And who was that handsome visitor who
stopped in so early this morning and

This day keeps getting stranger! Noticed a
scarlet blot in the center of my pristine
white ceiling, almost like a gigantic ace of
hearts <3

I can't go into the room to see what has
occurred. Blood continues to drip from the
ceiling and the silence in this house is
deafening!!!

Letting the workman lead the way. The breakfast is untouched and no sign of husband or wife yet...

The wound that has killed this man was small, I believe his heart was barely touched by the point of the blade. Nonetheless, he is #dead
